

INTUITIVA 2015

New Art Conference

"TWO DIMENSIONAL IMPRO"

Preliminary PROGRAMME

What is the meaning of "two dimensional?" - it is just about thinking on second dimension, not only musical language (rhythm, melody, sound, time etc), but also: mindfulness, meditation, fine arts, body move, gestures, action, performance art, and including second dimension (whatever it is) and analyse, what happens with improvisation and those elements - how they correspond to each other.

Anna Jędrzejewska

Note: The programme is not very tight. This was made so in order to make sure we can keep it. Those who wish are, however, encouraged to take initiative and play more in between as well as in early morning.
Suggestions for workshops etc. may be made anytime.
